

Montana Patient-Centered Medical Homes

Where Healthier Happens

You and your health care
at the center of a team of professionals.

A patient-centered medical home or PCMH is not a building, house, or hospital, but rather a team of health care professionals, focused on keeping you healthy. You are a proactive part of the team. All your primary care in one place—your patient-centered medical home.

- Enhanced health for Montanans.
- Improved quality care for individuals.
- Lower cost of care.
