

## FOREIGN RISK RETENTION GROUP PREMIUM TAX INSTRUCTIONS

Foreign Risk Retention Group Premium Tax returns and payments are due March 1 and must be filed through the NAIC's OPTins system at [optins.org](http://optins.org). If no premium was written, a return must still be filed. Please note that Montana no longer requires the filing of printed annual statements, a signed jurat page, or NAIC supplements, if filed with the state of domicile and the NAIC. Copies of exam reports are also not required. Finally, the Montana Medical Malpractice Professional Liability Experience Report you may have completed in the past is no longer required.
